Licensed/Approved: Oldenburger, Denmark, Holland, Hanover, Westphalia

Cost/frozen semen dose: \$875 (via importer Superior Equine Sires/ www.superiorequinesires.com)

The incredibly stunning Premium Oldenburg stallion has a unique charisma second to none. His dominant producer power is evident in his first foal crop, siring three Licensed Stallion sons and 6 State Premium mares. Their quality is a great indication of the class of horse that Royal Hit produces.

“Royal Hit” is out of one of the most successful mare lineages in Europe which makes him particularly valuable. With “Royal Hit’s” famous “Loretta” dam line, being one of the most successful dam lines in warmblood history, breeders can be assured of quality and consistency. His dam, elite mare Loretta, produced amongst others the World Champion and German Champion of the six year old dressage horses “Sandro Hit” and the Vice-World Champion and Vice-German Champion “Diamond Hit.”

As a half brother to “Sandro Hit” and “Diamond Hit,” he carries the hereditary genes of proven success. “Sandro Hit” is arguably one of the most influential sires in Warmblood History. He carries the title of World Champion Dressage Horse in 1999 and Bundeschampion, also in 1999. “Diamond Hit” also has had enormous success, being Vice World Champion and Vice German Champion.

His sire “Royal Dance,” continues to come to the fore in the dressage world due to the rideability of his offspring. “Royal Hit’s” dominance as a producer sees him stamping his progeny with all of his quality traits. He is consistently producing a complete package of unmatched quality. The oldest progeny in Germany are making a big impact in the young horse competition ring with consistent scores over 9 and up to 10 (for walk).

“Royal Hit” progeny have brilliant temperaments and their trainability is second to none. The conformation is excellent, with a strong resemblance to their father; leggy, uphill, elegant. The movement is exceptional, with super knee and hock action, and more importantly an elastic, swinging back. “Royal Hit” offspring have the temperament to suit riders of all levels and the talent to reach the top.

“Royal Hit” won his first dressage competitions and completed an exceptional stallion performance test with high marks of 8’s and 9’s for his basic gaits and rideability, and perfect scores of 10 for conformation and character.

He has already produced first class offspring, many of which have been champion foals at shows. His first foal crop produced the Austrian Champion Foal, and numerous finalists in German Championships. His foals are sought after at auctions and are sold for above-average prices. At the A.O.S. Auction his daughter “Royal Lady” was the top priced foal.

At the 2006 Stallion Licensing pre-selection for Oldenburger and Westfalen, all “Royal Hit” candidates presented were selected for the main licensing. These colts were from “Royal Hit’s” first foal crop, and are a great indication of the quality produced by “Royal Hit.”

From his first foal crop, “Royal Hit” produced two Licensed Oldenburger sons and were from an original field of 366. In particular, the “Royal Hit” x “Painter’s Row” colt was a wonderful example of the quality produced by “Royal Hit.” His colts that first year were described as the best group of stallion candidates ever presented for the Oldenburger Licensing, what a is a wonderful achievement.
